### Description:

Our aim at South West Councils is to support the region in creating a coaching culture that helps individuals realise their potential and organisations achieve outstanding results.

The South West Coaching Pool has established a growing network of coaches and, through collaboration, will maximise the sharing of coaching resources across organisations through a shared service, shared cost approach.

This Group Supervision session aims to support coaches keen to maintain and improve the quality of their coaching.

### Content:

Members of South West Coaching and Mentoring Pool benefit from the corporate membership to the Association for Coaching, which provides a Group Supervision service on the third Thursday of every month. The calls are held via video link or low-cost teleconference line and are facilitated by experienced AC Coaches who donate an hour of their time to support fellow members. The calls last up to one hour with a maximum of five participants.

The Group Supervision calls are designed to offer members an experience of supervision. Through attending a call members have:

- The opportunity to experience supervision
- Access to the benefits of supervision in a group setting
- An opportunity to connect with other AC members
- A setting in which client work and ethical issues can be explored
- The chance to work with a highly experienced call host

Participation in these calls counts towards your annual Continuous Professional Development. They are designed as a supervision taster and are not intended to replace full professional supervision.

The theme for the 18:00 call only, will be:

## MANAGING STAKEHOLDERS

Often stakeholders are an important factor to our coachee's performance. Typical aspects of stakeholder management include:

- Alignment - of the coaching needs, the coachee's goals and the anticipated rate of change required from the coachee
- Inter-relationships - between the stakeholders and each stakeholder and coachee
- Transformation - progress v perspective from the 'invested parties' and stakeholders
- ROI (Return on Investment) - how can we measure the qualitative goals?

During our ACGSE host call you will have the opportunity to review aspects of stakeholder management through the issues and challenges that are brought to the call.
